For more than 30 years, KS-Licht has been continuously offering you new and innovative products and luminaire ranges for all aspects of lighting. Here we present an excerpt from our KS lighting range.

PICK-UP CENTRE IN ESSEN

We maintain a collection centre for you in the heart of the Ruhr region, where you can collect the goods you order from us at short notice.

EXPERIENCE LIGHT LIVE

On more than 300 m² of exhibition space, we present a large selection of lights from all well-known manufacturers. Our professionally trained consultants and lighting designers will be happy to advise you personally. At the same time, you can use our exhibition to present the function and effect of our lights to your customers. Convince yourself of the quality of our outdoor luminaires in the outdoor exhibition.

FREE LIGHTING PLANNING

We develop practice-orientated lighting solutions with you and according to your needs. Whether for business premises, sales rooms or private ambience: our lighting designers always have the right concepts for a needs-orientated and energy-efficient solution. We will be happy to calculate the amortisation period of your new, energy-saving LED lighting for you.

KS MULTI-BRAND LIGHTING ONLINESHOP

In our online business shop at **www.business.KS-Licht.de** you will find everything you need to support you in your daily work:

- Current special offers and new products
- Online check of product availability
- Find and order all spare parts quickly and easily
- Quick order form
- All catalogues for downloading or as a flip catalogue with product links
- Specification texts, light distribution curves/LDT plug-ins and quick calculation tables

+SLV

Light is versatile and influences every area of our life. The possibilities offered by SLV for making light a unique experience are just as versatile.

EXPERIENCE LIGHT.

KAMI

While the members of the
KAMI family combine their
modern, minimalist design,
their characters remain quite
different: the new single-lamp
recessed ceiling light emits
a high-quality light that can
be adjusted as required.
The extremely narrow spotlight
with a diameter of 5.5 cm is
available in black or white with
gold, white and black inner
rings. The housing can also be
removed which makes it easy
to replace the luminaire.

ONE® FLAT

Clear the ring thrice over for a new, round design: the DALI Touch dimmable ONE® FLAT pendant light adds another new member to the popular SLV light family with three flat light rings that guarantee outstanding performance. The premium LEDs emit an adjustable colour temperature (2700/3000 K) and colour-neutral (CRI>90) light via CCT switch that is especially long-lasting at 50,000 hours. Perfect for upmarket living rooms or commercial areas. A well-rounded lighting experience.

VARYT

The VARYT pendant light brings modern, elegant and exclusive SLV design to every room. The high-quality aluminium and steel-finished lights are available in four trendsetting colours. The white Triplex glass shade emits a homogenous light that transforms any angle into a feel-good oasis. You can choose from three different glass shades (diamond, lined or pleated) which are available as an accessory.

PANTILO CONVEX

PANTILO CONVEX is the name of the SLV pendant light with a unique design, whose outwardly curved glass shade is now also available in the colours copper, gold and white. The various cable lengths (150 cm / 250 cm), which can also be shortened, cover all installation heights. A suspended highlight in glass for hotels, restaurants or private living spaces, whose eye-catching effect can be further enhanced by installing several lights as a cloud.

NEW ACCESSORIES

VINOLINA TWO CHARGING STATION

VINOLINA TWO is the name of the high-quality, aluminium-finished table lamp that can be used outdoors thanks to its IP65 protection rating. Featuring a timeless design, a single battery charge emits up to 10 hours of dimmable light dispersed upwards and downwards whereby the colour temperature can be set. It is charged via the charging base, to which up to six lights can be connected.

+

ONE® ACOUSTIC FELT PLATE

The ONE® pendant lights are also extremely popular in offices. Thanks to their premium LEDS and excellent lighting properties, they emit a high-quality light that is ideal for working. This sound-absorbing felt plate for the ONE® 80/ ONE® CUBE, which is available separately, takes accoustics to a whole new level.
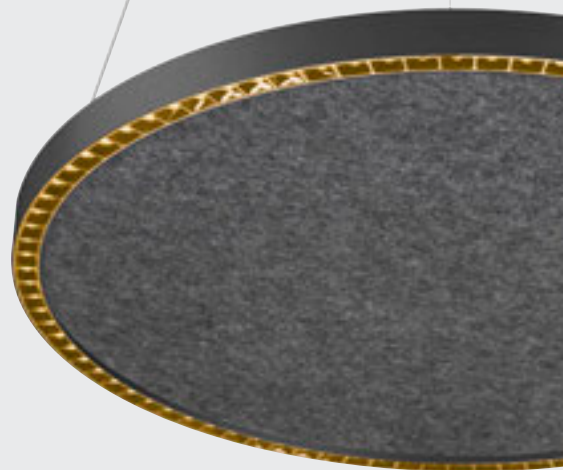

Felt is a very popular material for acoustic solutions. Acoustic felt reduces noise and sound, contributing to better room acoustics.

LED EMERGENCY CONVERTER SET

This independent LED emergency converted with over-discharge protection and DALI 2-interface & automatic test function includes intelligent charge control and a lithium battery (LiFePO4). During emergency operation (3 hrs), a constant output with a forward voltage of 6-54V is sent to a connected LED module / light. The emergency converter set also includes a wired switch for performing manual tests as well as a bicoloured, wired status display. The status display can be integrated into metal/wood or plasterboard sheets using the adapters supplied.

LED emergency converter set DALI	White	**1007892**	6-54 V | Lithium battery (LiFePO 4)	DALI	20	L: 27.4 cm, W: 4.2 cm, H: 2.6 cm Battery housing: L: 12.5 cm, W: 6.7 cm, H: 2.9 cm

SMART REMOTE CONTROLLER

With its stable touch colour wheel, the energy-saving ZigBee CCT/RGBW remote control enables fast and precise coloured light control over distances of up to 30 m. Thanks to the "find and bind mode", it can be easily coupled with universal ZigBee DIM, CCT, RGB, RGBW and RGB+CCT ZigBee gateway products. Three groups for connecting a maximum of 30 lighting devices and six preset scenes are supported. It is also possible to save and call up five scenes.

EXPLANATION OF SYMBOLS

Dimmable with:

· **C** = Trailing-edge phase dimmer
· **SWITCH** = Switch/button or touch control on the light
· **DALI** = DALI bus system

Protection classes:

· Protection class I / protective conductor
· Protection class II / protection by double or reinforced insulation

IP protection type:

Indicates the suitability of electrical equipment for different environmental conditions.

IK impact resistance rating

The IK impact resistance level is a measure of the resistance of housings for electrical equipment to mechanical stress, especially impact stress.

Half-diffusion angle:

Describes the beam angle in degrees. The smaller the angle, the more concentrated the light will be.

Preservation of luminous flux:
Describes the amount by which the luminous flux of an LED decreases during a specified period.
Rotation and pivoting capacity in degrees:

· Rotation range
· Pivot range
· Power cable length in cm
· Supply cable length in cm (with open cable end)

Pendant cable length in cm

Through-wiring possible

The weight capacity of the product up to specified value in tonnes. Measurements based on concrete installation.

Specification of the installation depth

Specification of the cut-out shape and the installation dimensions

Sea-air resistant coating

CCT switch:

By means of an integrated CCT switch, the light colour can be changed from 2700 K, 3000 K, 4000 K to 6500 K during installation.

· Products with integrated LEDs
· Products with lamp socket

Your business advantages at KS Licht make your daily work easier.

Use our KS multi-brand business lighting online shop at **www.business.KS-Licht.de** and benefit from the following advantages and functions:

• Current special offers and novelties
• Online check of product availability
• Find and order all spare parts easily
• Quick order form for quick entry of your order
• All catalogs for download or as an online flip catalog with product links
• Tender texts, light distribution curves/LDT plugins and quick calculation tables
• Simple product search through detailed filter functions
• Display of your individual purchasing conditions, delivery and payment conditions
• Dropshipping delivery directly to your customers (delivery addresses can be entered online)
• Appropriate product recommendations for lamps, accessories, drivers, electronic ballasts,etc.
• Display of alternative products and product families/variants
• Online chat with our consultants for your questions
• Online archive of your already placed online orders
• Remaining stock offers at rock-bottom prices
